specialist for that mental health condition.

(d) *Special rule for neurological conditions.* (1) In the case of an individual with a clinically diagnosed neurological condition, the ability to operate an aircraft under § 61.113(i) of this chapter shall not apply if—

(i) In the judgment of the individual's State-licensed medical specialist, the condition—

(A) Renders the individual unable to safely perform the duties or exercise the airman privileges required to operate an aircraft under § 61.113(i) of this chapter; or

(B) May reasonably be expected to make the individual unable to perform the duties or exercise the privileges required to operate an aircraft under § 61.113(i) of this chapter; or

(ii) The individual's driver's license is revoked by the issuing agency as a result of a clinically diagnosed neurological condition.

(2) Subject to paragraph (d)(1) of this section, an individual clinically diagnosed with a neurological condition

14 CFR Ch. I (1–1–19 Edition)

shall certify every 2 years, in conjunction with the certification under § 68.3(b)(3), that the individual is under the care of a State-licensed medical specialist for that neurological condition.

§ 68.11 Authority to require additional information.

(a) If the Administrator receives credible or urgent information, including from the National Driver Register or the Administrator's Safety Hotline, that reflects on an individual's ability to safely operate an aircraft under § 61.113(i) of this chapter, the Administrator may require the individual to provide additional information or history so that the Administrator may determine whether the individual is safe to continue operating under that section.

(b) The Administrator may use credible or urgent information received under paragraph (a) to request an individual to provide additional information or to take actions under 49 U.S.C. 44709(b).
